JOHN DWIGHT & CO'S
SODA SALÆRATUS
MAY be found at the Sugar Warehouse of Goodrich & Hunter, No. 42 East water-st.
The attention of the public is called to this article as being superior to Pearlash Saleratus in its effect—giving cookery a more delicate appearance and flavor; and also as more wholesome—Soda being more congenial to the human system than Potash. It is more economical than Pearlash Saleratus—a less quantity being required to produce the same effect. The article is put up in pound papers with full directions for use
Also may be found, John Dwight & Co.'s
Washing & Cleansing Powders,
which will be found, on trial, a very superior article, saving much labor of washing Clothes, &c. It will soften hard water. To Engineers and Machinists it is invaluable for removing grease from Machinery and other iron works leaving the iron perfectly dry, and not liable to rust.
Directions for use are printed on each package.

The proprietors of the Eckford Line would particularly call the attention of the Merchants of Wisconsin, Illinois, and other Western and South western States to the superior facilities of their line for transportation to, and from, the ports on the Upper Lakes. The above line of Steamboats runs direct to our Dock, at Buffalo, and all goods contracted by this line for the Upper Lakes will be shipped (unless otherwise ordered or contracted) by Steamboats, (not Propellers) with but one, or possibly two exceptions. The Eckford is the only Line not interested in, or committed to, a Propeller Upper Lake Line; and in endeavoring to sustain a line of Steamboats on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, when interest demands the continuance of a line of such a class of Boats. Boats leave New York and Buffalo daily.

THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes, and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.
It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

EMPIRE
INSURANCE COMPANY,
Union Springs, N. Y.
CAPITAL.............................$100,000.

THE Directors of the Empire Insurance Company feel confident that the plan of Insurance adopted by them will meet with a hearty response from a discerning public. Our Charter and By-Laws require that the applications received shall be divided into two or more classes. Dwelling Houses, and property of similar hazard, only, can be insured in the First Class, excluding Taverns, Work-shops, School-houses, Seminaries, Churches, and other kinds of hazardous property, usually taken in the so-called "Farmers' Companies," or "Farmers' Departments." This will render the EMPIRE emphatically a "FARMERS' COMPANY."

They submit for the judgment of their fellow citizens the following summary of their plan of operations:

1. Policies will be divided into distinct Classes, the funds of each class being kept separate, and each paying its own losses. The notes given in one Class are not liable for losses happening in the other.

2. Any applicant may, at his option, pay a definite sum in full for his insurance, in lieu of giving his note.

3. The First Class to consist of dwelling houses and other farm buildings and personal property therein. Not more than two-thirds of the value of any building to be insured; but the personal property therein may be insured to its cash value.

4. The Second Class to consist of Churches, School-houses, Seminary buildings, Work-shops, Taverns, Stores, Mills propelled by water power, &c., and personal property therein.

5. Not more than $3000 will be taken in one risk.

6. Steam Mills of all kinds, Distilleries, Cotton and Woolen Factories, Powder and Oil Mills, Furnaces, Machine Shops, and other extra hazardous property will not be taken in this company.

7. This Company will hold itself responsible for the correctness of all surveys and other official acts of its authorized agents, thus ending all cavils as to the technical correctness of surveys, and the consequent liability of the Company.

8. Any policy-holder may at pleasure withdraw from the Company by paying his share of the losses up to the time of such withdrawal

9. This Company will adjust all claims with promptness and liberality, and if at any time a difference shall arise between the parties, the same may be settled by a mutual reference in the county where the loss shall have occurred

10. Additional Stoves may be set up, or moved from one room to another, without giving notice to the Company; also, such repairs as do not increase the hazard of the property, need not be notified

11. This Company will pay losses caused by lightning, whether the buildings are burned or otherwise damaged.

12. Should any more money be collected than sufficient to keep the company in a sound condition, it will be returned to the policy holders in proportion as each shall have paid in.

The Directors, in soliciting patronage for the Empire Insurance Company, do so in the firm conviction that at the plan will be found as CHEAP and SAFE as any company can be made. In arranging their Rates of Hazard, and the kinds of property to be insured in each class, they have sought to secure sufficient cash premiums to meet all losses; laying by the small notes taken as a Reserve Fund, which shall render the Company perfectly safe against all contingencies.

For a more definite and full view of their plan of operations, they respectfully invite an examination of their Rates of Hazard and Classification of Property to be insured.

NEW YORK
MUTUAL BENEFIT ASSOCIATION,
Union Springs, N. Y.

THIS Association is formed for the mutual relief of its members in case of sickness or accident. A careful examination of its principles, and its beneficent objects, is respectfully solicited. The character and standing of the Board of Directors is a guaranty that the money received will be safely preserved, and faithfully devoted to the objects proposed. The progress of HEALTH INSURANCE, within the past few years, in localities where its principles have been understood, and its beneficent results practically seen and felt, is unparalleled

Men are literally binding themselves together to bear one another's burdens. No kind of insurance can be so generally useful as that of Health; for most people are dependent upon it as the capital which enables them to procure the means of livelihood. Hence, when by disease or accident this is gone, all is gone; and either an unpleasant dependence on friends, or poverty and pauperism, is the consequence. It is not presumed that accident or the ravages of disease can be prevented; but by a wise forethought, a fountain may be provided, which, when the hand of affliction does come, will soften its asperities, and secure a comfortable support for yourself or family.

Conditions of Membership.

A CERTIFICATE OF MEMBERSHIP will be forwarded on payment of $1,50 Admission Fee, and the first annual deposit mentioned below. Each member will be entitled to a Weekly Benefit during the time disabled by sickness or accident from attending to his ordinary business or occupation. Persons from 14 to 60 years of age, of ordinary health and good habits, may become members on the following conditions:

$2 per year, will draw $2 per week.

Persons over 50 years of age—

$3,75 " " $3 "
$5,00 " " $4 "
$6,50 " " $5 "

Twenty-five cents will be charged, in addition, for a renewal of the Certificate. Each member will be furnished with a copy of the Articles of Association, and a monthly report of its financial condition, and of the doings of the Board.

THIS Company offers unrivalled facilities for the Insurance of Buildings and Personal Property, against fire. The advantages offered, are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond, the power of assessing. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the inestimable ease with which losses are settled.—During the last five years, this Company have issued 2000 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

VOLUME VIII. MILWAUKEE DAILY SENTINEL. NEW SERIES.

## THE PEACE OF EUROPE.

BY J. G. WHITTIER.

Great peace in Europe! Order reigns
From Tiber's Hills to Danube's plains!
So say her kings and priests; so say
The lying prophets of our day.

Go, lay on earth a listening ear;
The tramp of measured marches hear,
The rolling of the cannon's wheel,
The shotted musket's murderous peal,
The night alarm, the sentry's call,
The quick-eared spy in hut and hall,
From polar sea and tropic fen
The dying groans of exiled men,
The bolted cell, the galley's chains,
The scaffold smoking with its stains,
Order—the hush of brooding slaves!
Peace—in the dungeon vaults and graves!

Oh Fisher! with thy world-wide net,
And snares in every water set,
Whose fabled keys of heaven and hell
Bolt hard the patriot's prison cell,
And open wide the banquet hall,
Where kings and priests hold carnival!
Weak vassal tricked in royal guise,
Boy Kaiser with thy lip of lies;
Base gambler for Napoleon's crown,
Barnacle on his dead renown!
Thou, Bourbon Neapolitan,
Crowned scandal, loathed of God and man;
And thou, fell spider of the North
Stretching thy giant feelers forth,
Within whose web the freedom dies
Of nations eaten up like flies;
Speak, Prince and Kaiser, Priest and Czar,
If this be Peace, pray what is War?

White angel of the Lord! unmeet
That soil accursed for thy pure feet.
Never in slavery's desert flows
The fountain of thy charmed repose;
No tyrant's hand thy chaplet weaves
Of lilies and of olive-leaves;
Not with the wicked shalt thou dwell,
Thus saith the eternal oracle;
Thy home is with the pure and free,
Stern herald of thy better day,
Before thee, to prepare thy way,
The Baptist shade of Liberty,
Grey, scarred, and hairy robed, must press
With bleeding feet the wilderness!
Oh! that its voice might pierce the ear
Of princes, trembling while they hear
A cry as of the Hebrew seer,
Repent, God's kingdom draweth near!

## BLEAK HOUSE.

BY

CHARLES DICKENS.

### CHAPTER X.—THE LAW-WRITER.

On the eastern borders of Chancery Lane, that is to say, more particularly, in Cook's Court, Cursitor Street, Mr. Snagsby, Law Stationer, pursues his calling. In the shade of Cook's Court at most times a shady place, Mr. Snagsby had dealt in all sorts of blank forms of legal process; in skins and rolls of parchment; in paper—foolscap, brief, draft, brown, white, whity-brown, and blotting; in stamps; in office-quills, pens, Ink, Indiarubber, pounce, pins, pencils, sealing-wax, and wafers; in red tape, and green ferret; in pocket-books, almanacs, diaries and law-lists; in string boxes, rulers, ink-stands—glass and leaden, penknives, scissors, bodkins, and other small office-cutlery; in short in articles too numerous to mention; ever since he was out of his time, and went into partnership with Peffer. On that occasion, Cook's Court was in a manner revolutionized by the new inscription in fresh paint, PEFFER and SNAGSBY, displacing the time-honored and not easily to be deciphered legend, PEFFER, only. For smoke, which is the London ivy, had so wreathed itself round Peffer's name, and clung to his dwelling-place, that the affectionate parasite quite overpowered the parent tree.

Peffer is never seen in Cook's Court now. He is not expected there, for he has been recumbent this quarter of a century in the church-yard of St. Andrew's, Holborn, with the wagons and hackney-coaches roaring past him, all the day and half the night, like one great dragon. If he ever steals forth when the dragon is at rest, to air himself again in Cook's Court, until admonished to return by the crowing of the sanguine cock in the cellar at the little dairy in Cursitor Street, whose ideas of daylight it would be curious to ascertain, since he knows from his personal observation next to nothing about it—if Peffer ever do revisit the pale glimpses of Cook's Court, which no law-stationer in the trade can positively deny he comes invisibly, and no one is the worse or wiser.

In his lifetime, and likewise in the period of Snagsby's "time" of seven long years, there dwelt with Peffer, in the same law-stationering premises, a niece, a short, shrewd niece, something too violently compressed about the waist, and with a sharp nose like a sharp autumn evening, inclining to be frosty towards the end. The Cook's-Courtiers had a rumor flying among them, that the mother of this niece did, in her daughter's childhood, moved by too jealous a solicitude that her figure should approach perfection, lace her up every morning with her maternal foot against the bedpost for a stronger hold and purchase; and further, that she exhibited internally pints of vinegar and lemon-juice; which acids, they held, had mounted to the nose and temper of the patient. With whichsoever of the many tongues of Rumor this frothy report originated, it either never reached or never influenced the ears of young Snagsby; who, having wooed and won its fair subject on his arrival at man's estate, entered into two partnerships once. So now, in Cook's Court, Cursitor Street, Mr. Snagsby and the niece are one; and the niece still cherishes her figure—which, however tastes may differ, is unquestionably so far precious, that there is mighty little of it.

Mr. and Mrs. Snagsby are not only one bone and one flesh, but, to the neighbors' thinking, one voice too. That voice, appearing to proceed from Mrs. Snagsby alone, is heard in Cook's Court very often. Mr. Snagsby, otherwise than as he finds expression through these dulcet tones, is rarely heard. He is a mild, bald, timid man, with a shining head, and a scrubby clump of black hair sticking out at the back. He tends to meekness and obesity. As he stands at his door in Cook's Court, in his gray shop-coat and black calico sleeves, looking up at the clouds; or stands behind a desk in his dark shop, with a heavy flat ruler, snipping and slicing at sheep-skin, in company with his two 'Prentices; he is emphatically a retiring and unassuming man. From beneath his feet, at such times, as from a shrill ghost unquiet in its grave, there frequently arise complainings and lamentations in the voice already mentioned; and haply on such occasions, when these reach a sharper pitch than usual, Mr. Snagsby mentions to the 'Prentices, "I think my little woman is giving it to Guster!"

This proper name, so used by Mr. Snagsby, has before now sharpened the wit of the Cook's Courtiers to remark that it ought to be the name of Mrs. Snagsby; seeing that she might with great force and expression be termed a Guster, in compliment to her stormy character. It is, however, the possession, and the only possession, except fifty shillings per annum and a very small box indifferently filled with clothing, of a lean young woman from a workhouse (by some supposed to have been christened Augusta); who, although she was farmed or contracted for, during her growing time, by an amiable benefactor of his species resident at Tooting, and cannot fail to have been developed under the most favorable circumstances, "has fits"—which the parish can't account for.

Guster, really aged three or four and twenty, but looking a round ten years older, goes cheap with this unaccountable drawback of fits; and is so apprehensive of being returned on the hands of her patron Saint, that except when she is found with her head in the pail, or the sink, or the copper, or any thing else that happens to be near her at the time of her seizure, she is always at work. She is a satisfaction to the parents and guardians of the Prentices, who feel that there is little danger of her inspiring tender emotions in the breast of youth; she is a satisfaction to Mrs. Snagsby, who thinks it a charity to keep her.—The Law-stationers' establishment is, in Guster's eyes, a temple of plenty and splendor. She believes the little drawing-room up-stairs, always kept, as one may say, with its hair in papers and its pinafore on, to be the most elegant apartment in Christendom. The view it commands of Cook's court at one end (not to mention a squint into Cursitor-st.) and of Coavin's the Sheriff's Officer's back yard at the other, she regards as a prospect of unequaled beauty. The portraits it displays in oil—and plenty of it too—of Mr. Snagsby looking at Mrs. Snagsby, and of Mrs Snagsby looking at Mr. Snagsby, are in her eyes as achievements of Raphael or Titian. Guster has some recompense for her many privations.

Mr. Snagsby refers everything not in the practical mysteries of the business, to Mrs. Snagsby. She manages the money, reproaches the Tax-gatherers, appoints the time and place of devotion on Sundays, licenses Mr. Snagsby's entertainments, and acknowledges no responsibility as to what she thinks fit to provide for dinner; insomuch that she is the high standard of comparison among the neighboring wives, a long way down Chancery Lane, on both sides, and even out in Holborn, who, in any domestic passage of arms, habitually call upon their husbands to look at the difference between their (the wives') position and Mrs. Snagsby's, and their (the husbands') behavior and Mr. Snagsby's. Rumor, always flying, bat-like, about Cook's Court, and skimming in and out at every body's windows, does say that Mrs. Snagsby is jealous and inquisitive; and that Mr. Snagsby is sometimes worried out of house and home, and that if he had the spirit of a mouse he wouldn't stand it. It is even observed, that the wives who quote him to their self-willed husbands as a shining example, in reality look down upon him; and that nobody does so with greater superciliousness than one particular lady, whose lord is more than suspected of laying his umbrella on her as an instrument of correction.

But these vague whisperings may arise from Mr. Snagsby's being, in his way, rather a meditative and poetical man; loving to walk in Staple Inn in the Summer time, and to observe how countrified the sparrows and the leaves are; also, to lounge about the Rolls Yard of a Sunday afternoon, and to remark (if in good spirits) that there were old times once, and that you'd find a stone coffin or two, now, under that chapel, he'll be bound, if you was to dig for it. He solaces his imagination, too, by thinking of the many Chancellors and Vices, and Masters of the Rolls, who are deceased; and he gets such a flavor of the country out of telling the two Prentices how he has heard say that a brook "as clear as crystal" once ran right down the middle of Holborn, when Turnstile really was a turnstile leading slap away into the meadows—gets such a flavor of the country out of this, that he never wants to go there.

The day is closing in and the gas is lighted, but is not yet fully effective, for it is not quite dark. Mr. Snagsby, standing at his shop door, looking up at the clouds, sees a crow, who is out late, skim westward over the leaden slice of sky belonging to Cook's Court. The crow flies straight across Chancery Lane and Lincoln's Inn Garden, into Lincoln's Inn Fields.

Here, in a large house, formerly a house of state, lives Mr. Tulkinghorn. It is let off in sets of chambers now; and in those shrunken fragments of its greatness, lawyers lie like maggots in nuts. But its roomy staircases, passages, and ante-chambers, still remain; and even its painted ceilings, where Allegory, in Roman helmet and celestial linen, sprawls among balustrades and pillars, flowers, clouds and big-legged boys, and makes the head ache—as would seem to be Allegory's object always, more or less. Here, among his many boxes, labeled with transcendent names, lives Mr. Tulkinghorn, when not speechlessly at home in country houses where the great ones of the earth are bored to death. Here he is to-day, quiet at his table. An Oyster of the old school, whom nobody can open.

Like as he is to look at, so is his apartment in the dusk of the present afternoon. Rusty, out of date, withdrawing from attention, able to afford it. Heavy, broad-backed, old-fashioned mahogany and horse-hair chairs, not easily lifted, obsolete tables with spindle-legs, and dusty baize covers, presentation prints of the holders of great titles in the last generation, or the last but one, environ him. A thick and dingy Turkey carpet muffles the floor where he sits, attended by two candles in old-fashioned silver candle-sticks, that give a very insufficient light to his large room. The titles on the backs of his books have retired into the binding; everything that can have a lock has got one; no key is visible. Very few loose papers are about. He has some manuscript near him, but is not referring to it. With the round top of an inkstand and two broken bits of sealing wax, he is silently and slowly working out whatever train of indecision is in his mind. Now, the inkstand top is in the middle; now, the red bit of sealing wax, now the black bit. That's not it. Mr. Tulkinghorn must gather them all up, and begin again.

Here, beneath the painted ceiling, with foreshortened Allegory staring down at his intrusion as it meant to swoop upon him, and he cutting it dead, Mr. Tulkinghorn has at once his house and office. He keeps no staff; only one middle-aged man, usually a little out at elbows, who sits in a high pew in the hall, and is rarely overburdened with business. Mr. Tulkinghorn is not in a common way. He wants no clerks. He is a great reservoir of confidences, not to be so tapped. His clients want *him*; he is all in all. Drafts that he requires to be drawn, are drawn by special-pleaders in the Temple, on mysterious instructions; fair copies that he requires to be made, are made at the stationer's, expense being no consideration. The middle-aged man in the pew, knows scarcely more of the affairs of the Peerage, than any crossing-sweeper at Holborn.

The red bit, the black bit, the inkstand top, the other inkstand, the little sand-box. So! You to the middle, you to the right, you to the left.—This train of indecision must surely be worked out now or never. Now! Mr. Tulkinghorn gets up, adjusts his spectacles, puts on his hat, puts the manuscript in his pocket, goes out, tells the middle-aged man out at elbows, "I shall be back presently." Very rarely tells him any thing more explicit.

### FROM OUR N. YORK CORRESPONDENT.

NEW YORK, Monday, May 31, 1852.

A few days more, and the "finality" of the long struggle in the two political camps, as to who shall be the standard bearers in the next Presidential contest, will be decided. With such near approach to a result on the democratic side, of which the National Convention is to assemble to-morrow in Baltimore—speculation would be idle in hazarding a conjecture—all the more idle, as before this letter can reach its destination, the lightning will have made the result known to you. With whatever result—if the Whigs do not shut their eyes and rush upon defeat, by nominating some other than that one—whose prophetic name of *Winfield* adds to his thousand high qualifications and proved services, the sure presage of victory—they must triumph. You will see that all the chief personages named on the other side have pledged themselves, body and soul, to the Compromise, and especially the Fugitive Slave Law—and have so far stultified themselves, and foresworn their own self-respect and their true allegiance to the Constitution, which vests the President with a *veto*, as a conservative power in cases of unseen emergency—as to declare in advance, and without any reservation as to time, causes or circumstances, that if elected, each will VETO any act modifying that odious law—unless—for such is the substance of the pledge—the modification be in favor of its greater stringency. This must be fatal—for party cannot bind the sentiment of that portion of the free soilers in the free States which adheres to the democracy, and without them the party can do nothing effectual. The Whigs, it may be trusted, will avoid this suicidal folly, and be content to take their man on the pledge of his life, and not of professions put forth for the occasion, and which, once in power and the object obtained, may, and if policy prompted, undoubtedly would be violated. But here I am speculating—notwithstanding my resolution to the contrary—about events now so near at hand.

The *Atlantic*, which left us on Saturday, bore back, as she brought hither, Jenny Lind—and the scene of embarkation was as animated, tho' sorrowful, as that of her landing. A very large assemblage bade her God speed and Farewell—on the same spot where they bade her, on her arrival, Hail and Welcome. She was touched by it; and tears and sobs, unfeigned and irrepressible, showed that she was not acting. Her whole visit to this country constitutes an episode honorable to herself and to the country—for the tribute of admiration, warm at last, as at first, has been quite as much to the admirable and pure woman, as to the unsurpassed artist—and nearer and longer acquaintance, has served to confirm and increase this admiration. The *Atlantic* carried out a very large number of passengers, and more than half a million in gold. This latter circumstance, however, in the present abundance of money, causes no uneasiness. The *Arctic* steamer arrived as the *Atlantic* was departing—so that if the latter makes a good trip to England, the news of the *Arctic's* arrival here, may be received in England 20 days after she left there—*rather* a short period, even in these fast days, for two trips across the Atlantic Ocean.

Congress is still talking and not acting—well enough, generally speaking, is such a course—for action is more injurious than talking. The lavishness with which the public domain is given away, seems to me unjustifiable. The vote of a homestead to every man that wants a home—essentially impairs the value of the land, given as a reward to the patriotism of the gallant men who have carried us with so much honor thro' the Mexican war, and antecedent wars, and is therefore, to some extent, a fraud upon them. So it is a wrong to all the purchasers for full value, of the public lands, which, after having been acquired from the government at the price set upon them—are to be depreciated incalculably by the act of that same government, in giving away what before was sold. Of course, when there is a choice between lands for nothing, and lands for $1 25 per acre—people will take that which costs nothing—and the emigrant, who, from time to time, has purchased land with the proceeds of his hard labor and self-denial—as the best inheritance for his children, will find that inheritance stripped of its value by the act of those, who, nevertheless, received full value from him for it. So again, as a fund, on the strength of which, in future demands for large means, the government might surely rely as a security for loans—this magnificent public domain is sacrificed. But the whole is a struggle, apparently, for present popularity, without any regard to the eventual and enduring consequences.

We had great doings here last week among the Old Hollander descendants, and the officers of the Dutch frigate *Prince of Orange*, which laid in port some days. It is the first time for very many years that a Dutch vessel of war has been here, and the sons of St. Nicholas did full honor to the occasion. It would have done your *Excelsior* Society in Wisconsin good, to have listened to the *revivals*, historical and social, with which this visit was greeted—and the gallant Dutchmen have sailed again for their marshy home, with a full conviction that they have here a goodly and glorious set of relations.

### EDITORIAL CORRESPONDENCE OF THE SENTINEL.

JANESVILLE, June 3rd, 1852.

I would that all doubters of Wisconsin's future, and of the success of the Milwaukee & Mississippi Rail-Road, could have been of our party, yesterday. Leaving the city by the morning train for the West, we sped swiftly on to Waukesha. The fine rain which fell in Milwaukee, Tuesday evening, had extended far into the interior, and its magical effects were every where visible. It had lent new and vivid tints to the verdure of the fields and forests, a delightful freshness to the air, and additional fragrance to the wild flowers. The face of Nature seemed wreathed in smiles, and the groves and woods were alive with feathered songsters, chaunting their matins in harmonious chorus.

The cars were well-filled. At the Forest House station some twenty or more got out to take conveyances for Watertown, Madison, Fond du Lac &c. As the road extends farther Westward, however, the passengers for the first two points will continue on. Our stops were all short; the trains now running punctually on their schedule time. At Jenkinsville, or Genesee (west of Waukesha), we met the Freight Train going in, also carrying a good load. We reached Eagle Centre, the present Western terminus, in two hours' run from Milwaukee, and there found stages waiting to take passengers on to Whitewater, Janesville, &c. I was amazed at the growth of the little village, the creation of the Rail Road, which has sprung up at this point. It already counts 2 Hotels, 5 Stores, a neat and not expensive Depot, a number of comfortable dwellings, and a Catholic church in progress of erection on the very crest of "Mount Belden." The amount of produce coming in here, to take the cars for Milwaukee, is increasing rapidly, and already makes a figure in the sum total of daily receipts; but it is small enough compared with the aggregate receipts which may be looked for with entire certainty, when the road reaches its next station, WHITEWATER.

As we drove close along the route of the Rail Road, from Eagle to Whitewater, we had a good opportunity of noticing the progress of the work. It is advancing rapidly to completion, and the grading will all be finished and the road-bed ready for the rails, within three weeks. The laying of the rails is an expeditious business, so that I see nothing to hinder the cars from running into Whitewater during next month. The prospect of this has already given a new impulse to Whitewater, and the citizens of this fine town are making ready to improve their advantages. We walked down to the grounds selected for the R. R. Depot, and found two large and substantial Warehouses already under way—one by Mr. HALL, 40 feet by 60; and the other by MARSH & Co. 40 by 60. These are designed to accomodate the freight and produce which will begin to accumulate at this point, from Walworth and Jefferson Counties, the moment the road is opened. Besides the Warehouses, we noticed some 20 or 30 other buildings, private or public, in the course of erection. The "addition to Whitewater," laid out by our fellow-citizens, Messrs. CHAPMAN & LUDINGTON, is eligibly and beautifully located, and the lots are held at very reasonable prices. With Plank Road connections with JEFFERSON and other flourishing towns in a circuit of 20 miles, and the Rail Road communication with Milwaukee, Whitewater cannot fail to grow rapidly and substantially.

The drive from Whitewater to Janesville, passing through Milton, at this season of the year especially, presents a succession of lovely landscapes and delights the eye of the traveller with its continuous and unrivalled beauty. Often as I have passed over the route, it seemed to me yesterday that I had never half appreciated its charms. The fields were all clothed in "living green," and the Winter Wheat looked most promising. The Spring crops, too, were well advanced for the season, and Cattle and Sheep abound in the fine pastures and picturesque "openings," which line the road. As you approach Milton you will need a strong curb to your enthusiasm, for the exceeding beauty of the landscape, the teeming promise of the fields, and the anticipations of the business which all this *must* yield to our Rail Road, all crowd upon you at once, and may well tempt to extravagance.

Between Whitewater and Milton (12 miles) the grading on the Rail Road is well under way. The whole section is under contract, a large force employed upon it, and the whole will be finished by the 1st to the 15th of August. Two or three weeks more will see the rails laid and the Cars running into Milton, 61 miles from Milwaukee, and only 8 from Janesville. At this point the Main Road diverges to the North-West, pointing towards Madison. But it is not in reason to suppose that the short gap of *eight miles* only, between Milton and Janesville, will be left unfilled. The intervening country is so well adapted to a Rail Road that it is within bounds to fix the cost of this link, all complete, at *Eighty Thousand dollars*, or $10,000 a mile. This would bring Janesville and its vicinity, with the heavy travel and increasing traffic which pass through that point, within *three hours ride of Milwaukee*, and with a little effort this connection can be secured by *the first of November next!* Does any body suppose that under such circumstances JANESVILLE and MILWAUKEE can be longer kept apart? I rather think not. The matter will be talked up here, to-day, and I have faith that "Agitation" will secure the "Union."

### THE DEMOCRATIC NOMINATION.

The Democratic National Convention, after five days' hard labor, have fixed upon FRANKLIN J. PIERCE, of New Hampshire, as their candidate for the Presidency. This is a finishing blow to Gen CASS, Mr. BUCHANAN and Gov. MARCY, and a repetition of the experiment, successfully tried in 1844, of nominating a man, in no respect prominent, or peculiarly qualified, as a candidate for the highest office in the gift of the American People. Gen. PIERCE is a man of moderate abilities, fair character, and limited experience in public affairs. His chief claim to distinction rests upon the part he played in the Mexican War; in which he served faithfully and creditably; and it was belief in his "availability" on this account, added to the fact that he had not stood forward prominently as a rival to CASS, BUCHANAN &c., which induced his nomination.

The report of his nomination was received here at first by many good democrats as "mung news;" but after the rumor grew into certainty and the first feeling of disappointment was over, they submitted philosophically to the dispensation, and seemed quite thankful that it was no worse.

THE WATER POWER.—We don't feel called upon to get very indignant over the note in the *Wisconsin* of Saturday evening, relative to the mills. If the writer, or any one else, can imagine any reason why we should wish to "injure the business on the race," we would like to know what it is. We have heard all sorts of stories about this matter, and all of them, too, from persons whom we supposed entitled to credence. For instance; Mr. Burke says "all the shops and mills were at work yesterday" (Friday), while, an hour or two after the *Wisconsin* appeared, another of those interested, and who spends his time at the mills, informed us that "three of the mills were partially at work." Why should there be a quarrel about this matter? Everybody in Milwaukee wishes to see the mills and shops working full time, and all the time. Who doubts it?

### Abolition Sentiments.

The Washington *Republic* takes a most remarkable pleasure in filling its columns with all the bitter language which is poured out at meetings of hot-headed fanatics at the North, and copies with a kind of *gusto* the disgusting follies of the Pillsburys, Garrisons, Quincys, &c, &c., at Boston. It feels that some apology is necessary for its course, and introduces the report with the remark that "it is too blasphemous and filthy to be tolerated as an ordinary item of intelligence."

Why then give it circulation?

ACKNOWLEDGEMENT.—We are again indebted to FRANK FOX, Express Messenger, for St. Louis papers of the 2d, through in 3 days. We clip a market summary from one of them.

### The Crops in Wisconsin.

We made a short excursion to Janesville, last week, passing thro' portions of Waukesha, Jefferson, Walworth and Rock Counties. The crops of all kinds, we rejoice to say, look most promising. It is the universal testimony of the Farmers that in no previous year, has the Winter Wheat looked so well. There is not as great a breadth of it sown, as last year, but, on the other hand, there is a large increase in Spring Wheat, Oats, Rye, Flax and Barley. We observed, too, many more Cattle and Sheep than we noticed on the same route, last year. Sheep-shearing was in full blast. The clip will be from 25 to 40 per cent more than last year, and the quality good.—The price for Wool, to be sure, has fallen off considerably since 1851, but the price of Sheep for Marketing has increased in a still larger ratio.

The Milwaukee and Mississippi Rail Road passes directly thro' this region, and the Farmers watch its approach with eager interest. They already begin to feel its beneficial influence in the enhanced prices of Agricultural products and the increased value of good, improved farms. Its extension to Janesville the coming fall will add *ten cents* a bushel to the value of the Wheat raised in Walworth Jefferson and Rock Counties. It will do still more for the Counties farther West. It is the Farming community, indeed, who are to be the great gainers by the completion of this important work, and who have a *direct* interest, therefore, in urging forward its prosecution as rapidly as possible.

### The Reynolds and McNiel Claims.

The Portage City *Republic*, having stated that Att'y Gen'l Estabrook and others were in attendance at the late meeting of the Board of Works to look after these claims, the Madison *Express* remarks that Mr. ESTABROOK worked the claim of Mr. Reynolds through the Assembly of 1851, but that it failed in the Senate. Judges Knowlton and Ryan were Reynold's attorneys before the Board soon afterwards, but failed to get the claim allowed. The Att'y Gen'l appeared before the committee last winter as Mr. Reynold's counsel, and the bill passed. It is altogether a matter of taste, this idea of a state officer using his official position to help along claims which he has been engaged in prosecuting before his election. This was the very head and front of Secretary Crawford's offending in the Galphin case. Mr. Estabrook, so far as we know, had no excuse of prior engagement, for aiding the McNiel claim through. Indeed, he could not have, for McNiel's testimony was clear against Reynold's claim until after it passed.

### Fire—Three Lives Lost.

ADDISON, Wash. co., June 2d.

During last night the house of Mr. Edward McAnulty, who with his wife and two children are present in New York city, caught fire, and burnt down with all its contents. Five children were left at home; three of them—the oldest daughter, 21 years old, and two boys, one 3, the other 5 years old, perished in the flames. The other two children, with a young man, living with the family, barely escaped through the window. It is thought the fire was the work of an incendiary.

[We are indebted to Mr. FRATNEY of the *Volksfreund*, for the above. The unfortunate victims have relatives in this city.]

### The Baltimore Convention of 1848.

The following were the ballotings at the Convention of 1848 which nominated Mr. Cass:

*First Ballot*—Cass 120, Buchanan 55, Woodbury 53, Calhoun 9, Worth 6, Dallas 3, (Florida and New York not voting.)

*Second Ballot*—Cass 133, Woodbury 56, Buchanan 55, Worth 5, Dallas 3, (the same States not voting.)

*Third Ballot*—Cass 156, Woodbury 53, Buchanan 40, Worth 5, (New York not voting.)

*Fourth Ballot*—Cass 179, Woodbury 38, Buchanan 23, Butler 3, Worth 1, (New York voting.

So Mr. Cass being the candidate, and considering himself elected, forthwith pledged himself never to be a candidate again! "Circumstances" are in the way!

### Chicago Brick—Important Discovery.

The Milwaukee brick have been so universally admired in our city, that our citizens have in many cases sent there for them. No one, until recently, dreamed that such brick could be manufactured here.

Recently, Messrs. Stewart & Co, have burnt a kiln which proves to be of the same color and *yet of a better quality* than the Milwaukee brick—*Chicago Democrat.*

"Tell that to the Marines." These newly-manufactured Chicago brick may resemble our far-famed Milwaukee material in color, but they certainly do not exceed, or even equal them in quality.

SEWARD AGAIN.—A despatch from Washington, May 29th says:

The Cass Delegates are sweating mad. The letter of Robert G. Scott, of Richmond, to the Democratic candidates is a firebrand that has blown up the whole line of Doughface expectants. The Michigan Delegates swear it is another of Seward's cursed schemes to destroy the Democratic party. They say this Robert G. Scott is one of Seward's friends and allies, who only pretends to be a Democrat, and that the whole thing was concocted here to be made the instrument to do the work.

Rich, isn't it? It isn't enough that everything in the Whig party, according to these Hunkers, is ruled and directed by Gov. Seward, but now he has trapped a baker's dozen of the leading "democratic" candidates. Melancholy, indeed it is!

☞ The Detroit *Tribune*, in answer to the complaint of the *Wisconsin*, that "unjust and persistent efforts are made in Chicago and Detroit to prejudice people against our State and City," says:

There may be some cause for the complaint so far as Chicago is concerned. But we think it does the people of this city injustice. We have never heard, and we should be very sorry to hear, that any such illiberality as that refered to, had been evinced by any citizen of Detroit.

WHEAT FROM DANE COUNTY.—We saw at Eagle (the present terminus of the Rail Road) on Friday last, a Caravan of teams from Dane County, laden with Wheat, which was transferred to the cars at that point. The Freight Agent at Eagle informed us that between 25 and 30 Wheat teams had come in from that quarter on Thursday and Friday. These are the small beginnings of what is destined to be a large and profitable business for our Rail Road.

GOLD IN ENGLAND.—An English paper, received by the Cambria, announces that the energies of Englishmen have proved the existence of gold, apparently in great abundance, within the shores of the island. At South Molton, in Devonshire on the property of Lord Poltemore, it is found as rich as in either California or Australia. It is said that a London dealer in bullion has offered £5 per ton for a heap of refuse at the mouth of the Brittannia mine. We wouldn't feel justified in recommending anybody to go to England to dig.

A REMEDY.—The Grant Co. *Herald*, talking of the evils of too much legislation, proposes that each County pay its own members, at the rate of $1 a day while on duty, and $3 a day for the time that they spend at home. This is on the same principle that the Chinese Emperor, Souchong Pouchong, pays his family physician while he is well, and stops the salary as soon as he gets sick.

NEW COIN.—The Philadelphia *News* has seen a specimen of a new gold dollar, coined in the form of a ring, with an opening in the centre, of the size of the present coin of the same value. The *News* thinks that, if approved, the coin will become popular, and supersede the present one at once. If that is the only object, Government may as well save its time and money. No one ever sees a gold dollar, now.

THE NEW STEAMER.—The new steamer Northern Indiana, which is to run between Toledo and Dunkirk in connection with the Southern Michigan Railroad, made a trial trip, on Monday last, at Buffalo. The Commercial Advertiser of that city says "she promises to take her stand as one of the fastest, if not *the* fastest on the lake." The Northern Indiana is officered as follows: Captain, R. Wagstaff; Mate, Mr. Mead; Clerk, E. Y. Morton; Steward, George Saunders; Engineer, Thos. Fitzpatrick.

Reported for the Sentinel.

### Rail Road Meeting at Janesville.

Pursuant to public notice the citizens of Janesville assembled at American Hall, at 10 o'clock A. M., on Thursday, June 3d, to take into consideration a proposal submitted in behalf of the Milwaukee and Mississippi R. R. Company, with a view to secure a speedy Rail Road communication between Janesville and Milwaukee.

Judge ARMSTRONG called the meeting to order, and, on his motion, ENSIGN H. BENNETT was appointed Chairman and ALEXANDER T. GRAY, Secretary. Judge TOMPKINS briefly stated the object of the meeting. It related to the all-engrossing topic of Rail Roads. The Farmers of old Rock were clamorous for an outlet by which they could get their surplus produce to Market. Here was a proposition from Milwaukee which would secure this most desirable object. It was, in substance, that the Southern Wisconsin R. R. Company should be organized at once, under the Charter granted by the last Legislature; that Janesville should subscribe $50,000 in available stock, and provide Depot ground &c., and that the Milwaukee and Mississippi R. R. Company on their part would furnish the rest of the means necessary to construct the track from Milton to Janesville (8 miles) and have it ready for use by the *first of November next.* Now where could a better or quicker way be found of providing the wished-for outlet to market? Could anything more in reason be asked? Would not every property owner, every business man in Janesville respond heartily and promptly to this offer?—Would not its citizens, one and all, join hands and help to put the project through? He did not hesitate to say that Milwaukee had made a liberal and honorable proposition and that Janesville ought to accept it without hesitation or delay. With proper exertions, the Southern Wisconsin R. R. Company could be organized, the necessary amount of stock subscribed, and work commenced on the track within three or four weeks.

Judge TOMPKINS closed his remarks by an earnest appeal to his fellow-citizens of Janesville to improve the golden opportunity now offered, and then called upon Mr. TWEEDY, of Milwaukee, to say a few words in explanation of the views of the M. and M. R. R. Company. In response to this call Mr. TWEEDY addressed the meeting in a brief, straight-forward, telling speech, upon the importance of an early Rail Road communication between Janesville and the Lake Shore, and the easy terms upon which such a communication could now be secured, by way of Milwaukee.

At the close of Mr. TWEEDY'S remarks a Committee of six, consisting of Messrs. PEASE, RATHBUN, BURGESS, S. W. SMITH, MITCHELL and PIXLEY, were appointed to take the Milwaukee proposal into consideration and report at an adjourned meeting to be held in the evening.

On motion the meeting then adjourned till 7½ o'clock P. M.

THURSDAY, 7½ P. M.

The meeting convened pursuant to adjournment. The Hall was filled and much interest manifested.

The Committee appointed to consider the Milwaukee proposition, submitted a *unanimous* report in favor of its acceptance and recommending that immediate steps be taken to organize the Southern Wisconsin Rail Road Company, to procure the required amount of stock ($50,000) and to confer with the M. & M. Company, as to the time and mode of payment, &c.

This report was *unanimously* adopted by the meeting and the following gentlemen appointed a Committee to carry out its suggestions: Messrs J. MITHELL, J. H. BUDD, W. F. TOMPKINS, JNO. J. R. PEASE, J. M. BURGESS, E. H. BENNETT, B. F. PIXLEY, S. D. SMITH and S. W. SMITH.

It was then moved and seconded that Messrs. ATHERTON and A. T. GRAY be a special Committee to wait upon the Commissioners named in the Charter of the Southern Wisconsin R. R. Company, and secure their co-operation in organizing the Company.

And then the meeting adjourned.

### CRICKET MATCH.

A well-contested match at Cricket was played at Lisbon, Waukesha Co., on Friday last, between the Lisbon and Milwaukee Clubs. The weather was very fine, and the play good. The wickets were pitched at half-past 10 o'clock, and the game was not concluded till 6 in the evening. Milwaukee won the first innings, and Lisbon the second and the match by 12 runs. After the play was over, both parties repaired to the "Lisbon House," where a capital supper had been provided, which was duly enjoyed; the feast being enlivened by vocal and instrumental music. We annex the score of the match:

The return match is to be played in this city, on Monday, the 5th of July next.

UNCLE TOM'S CABIN.—The Southern *Standard* asserts that "a distinguished gentleman from Massachusetts is writing a tale on the Fugitive Slave Law," and insinuates that it is Mr. Webster himself, who is getting up this offset to Mrs. Stowe's work.

It is the best joke of the season.

DETROIT RACES.—The race for $1500 sweepstakes and a prize purse of $300, came off at Detroit last week. The entrances were Mary D. 4 years old, by Mr. Adams; the Storm 6 years old, by Mr. Hendrickson, and Bob Harlin 9 years old, by Mr. Caswell. Three mile heats, the first heat was won by Storm in 6: 4, the second by Mary D, in 6: 11, and also the third by her in 6: 7.—The track was heavy.

## City Matters.

### Milwaukee Horticultural Society.

The Society met on Saturday afternoon at the room of the Board of Trade. The Committee who had been charged with arranging matters for the first exhibition, reported. The Society fixed upon 30th of June, as the day, the place to be hereafter designated. The Society's certificates of merit will be awarded as premiums at this exhibition. It was agreed upon that premiums should be offered for the best collections of our native Wisconsin flowers. And, talking of flowers, Mr. S. P. BEECHER, a member, presented to the Society a large and beautiful bouquet of them. They were put up at auction, and knocked down to Mayor CROCKER, President of the Society, after a spirited bidding. Several new members were received and entered. The list of premiums will be published, soon.

THE SUPERIOR.—*For Buffalo.*—The steamer *Superior*, Capt. W. WILKINSON, has taken the place appointed for the *Louisiana* on the line around the lakes, and leaves *this evening* at 8 o'clock.—[illegible]ssage apply to H. K. JEROME, agent, corner [illegible] and Huron-sts, who will do all that is in [illegible]f an agent to do, to assist travellers to [illegible] pleasant trip. The Superior has been running in the lake Erie lines for some time, and has given excellent satisfaction. We hope, that in coming upon her old cruising ground again, her owners and officers will remember that nothing but attention to their passengers, good fare at least, if not luxurious, clean beds and rooms, and civil servants, can save the upper lake line from the effects of the heavy competition to which they are subjected. With these requisites, they will go well loaded, were the fare 50 per cent above what it is.

FIRE DEPARTMENT.—At the regular monthly Meeting of Engine Company, No. 1, held on Friday evening, June 4th, P. VAN VECHTEN, Jr., was elected Second Assistant, in place of ALLEN A. JACKS, resigned. Mr. JACKS has served faithfully in the Department for the full term of seven years. Mr. VAN VECHTEN, who succeeds him as Second Assistant, is one of the most efficient, "ever-ready" Firemen in our city.

At the same meeting, S. S. DAGGETT was chosen a Delegate to represent Number One in the Committee of Arrangements for the Fourth of July celebration, and the officers of the Company were appointed a Committee to see that *every* Member, Honorary as well as active, was fully "uniformed and equipped" by the 4th of next month.

ARREST FOR ASSAULT.—On Sunday evening last four or five Germans went into the enclosure of a Frenchman, named *Huelte*, living on the hill, South of Spring Street, and commenced pulling up some of his garden stuff. Huelte attempted to drive off the intruders, when they turned upon and beat him savagely. It being thought doubtful on Saturday, whether Huelte could recover from his wounds, warrants were issued for the arrest of the perpetrators of this brutal outrage.—Sheriff WHITE succeeded in arresting the whole party, yesterday, and has them safe in jail.

CIRCUIT COURT.—On Saturday the case of A. C. Lawson and wife, indicted for rape, was concluded, and given to the jury, who returned a verdict of guilty as to both prisoners.

The court took up the case of the young man recently indicted for passing counterfeit money.

FATAL RAIL ROAD ACCIDENT.—We regret to learn that the train coming West on the Southern Michigan Rail Road, Saturday morning, ran off the track near Jonesville, Michigan, and that the Engineer and Fireman on the locomotive were both killed. Several of the cars were badly shattered and a number of the passengers more or less bruised. The accident was caused by the switch being shifted out of its proper place.

MASSACHUSETTS.—The Boston *Atlas*, the leading and the ablest of the New England Whig Journals, states that eleven of the thirteen delegates from that State prefer Mr. WEBSTER, for President, but prefer Gen. SCOTT as their second choice. It quotes from letters from Southern members of Congress and Delegates, showing that Gen. SCOTT, if not nominated on the first ballot, will on the second receive votes from Virginia, North Carolina, Kentucky, &c., sufficient to make his nomination sure.

SOUTHERN MICHIGAN R. R. BOATS.—We learn from one of our citizens, who returned from the East yesterday, that the new steamer *Golden Gate* and the steamer *Baltic* have been chartered by the Southern Michigan Rail Road Company to run on this Lake, between Milwaukee and Chicago, and will be here during the present week.

NEW JERSEY FOR SCOTT.—The State Convention of Trenton had selected as Delegates to Baltimore seven thorough-going out-and-out Scott men, and the choice was loudly applauded by the two thousand Whigs in attendance. William L. Dayton and James G. King are the Senatorial candidates.

MASSACHUSETTS.—The Whigs of the Seventh District send a Scott man to the Baltimore Convention.

### New Hampshire Legislature.

CONCORD, (N. H.) June 2.

The New Hampshire Legislature met to-day. Hon. John S. Wells, Dem., of Exeter, was elected President of the Senate without opposition. G. W. Kettridge, Dem., of New Market, was elected Speaker of the House by a large majority.—Whig vote for Speaker, 94; Free Soil, 29. The minor officers of both Houses are all Democrats.

STRAWS, &c.—The *Morning News* takes infinite pains to convince itself and its readers that Gen. SCOTT cannot obtain the Whig Presidential nomination. This is by no means the only, or the least significant indication that the "Democracy" hereabouts consider his nomination as death to their hopes.

WOLF HUNT.—The great Wolf hunt came off on the 15th ult., in Grant County. The wolves got into a cave, from which the hunters could not dislodge them. They were to have another hunt on Saturday last, at which all "commissioned officers of the Wisconsin Militia and heroes of the Black Hawk War" were invited to be present.

INDIANA.—The Free Soilers have held a State Convention and nominated A. L. Robinson for Governor; E. B. Crocker for Lieutenant; and S. C. Stevens, and George W. Julian, late M. C., for Presidential Electors, and appointed delegates to the Free-Soil Convention at Cleveland.

RECEIPTS BY RAILROAD.—129 bbls flour, 332 bus wheat, 190 bus barley, 6 bags rye flour, 5 hogs, lot furniture, &c.

**Chicago**, June 4.—Receipts from all sources since our last amount to 126 bbls flour, 1053 bus wheat, 13559 bus corn, and 8230 do oats—total grain 21,852 bushels.

Wheat—566 bus spring and winter wheat taken for milling at 42 for the former and 75 for the latter, it being prime; also 853 bus spring in lots at 30@39c for poor to fair samples.

Corn—110 bus at 32@33½ per bus of 60 lbs.

Oats—3568 bus in lots at 23c.

**Detroit**, June 4.—Flour—The late advices from England, have strengthened previous firmness in our flour market, and there seems to be a slight tendency upward. We hear of no sales to any extent, although there is considerable being shipped eastward, with still an enquiry for vessels. The shipments this week are quite large. We quote at $3 60@3 56.

Grain—Wheat is quite firm at 78@80c; some 10,000 bu. where being shipped yesterday on owners account. Corn and Oats seem stationary at 42c for the former and 30@33c for the latter.

**New York**, May 31.—There is no change in the money market. The supply continues very abundant at 4@5 per cent on call and on first class paper.

The steamer brings the most favorable letters in regard to American Securities which have yet been received.—The sales on the Continent, and in London for the Continent, have been very large, and the orders sent for further supplies, exceed any before received. They are mainly for City and Railroad Loans and Shares. We heard of one order for sixteen different kinds of Shares. In Paris the sale of American Securities have swept the market of the desirable kinds.

**St. Louis**, June 1st.—Lead—Appears to be still firm at $4 15. A sale of 610 pigs Galena, the only one reported, at these figures.

Flour—But little activity in the flour market, and sales confined to small lots. A telegraphic despatch of the 28th, from New Orleans, states an advance in Ohio, and quotes sales of that description at $3 90. To-day 195 bbls superfine at $3 75.

Wheat—Sales of 161 sks at 75c, 32 do at 70, 140 do at same, 516 do at $1, 63 do at 65, and 95 do at 63.

Corn—Sale of 150 sks at 42c, white and yellow in separate lots; 270 do Upper Mississippi at 35; 221 do yellow at 40; 146 do damaged at 35; 339 white at 43½, and 1,241 do yellow delivered on board at 43c.

Oats—The transactions in oates to-day were confined to a few lots, but the prices seemed to be maintained. We quote two sales only, one of 391 sks at 28c, and another of 65 do at 28½c.

OSWEGO, June 1.—The late receipts of wheat being on millers' account and bonded, there are no new samples on the market, and but little offering. Sales of small parcels yesterday from store at 90c for white Ohio, and 85c for red; sale of 1000 bu Western corn at 51½c from store, on a Canadian order.

Canal freights are without change but a little firmer at 33c for flour, 9@9½c for wheat, and 8c for corn to New York. Lumber $2, 50@2, 65 to the Hudson.

### BY THE ASIA.

ENGLAND.—In the House of Lords on the 18th inst. the disabilities repeal Bill was read a 3d time and passed. On the 21st the Earl of Derby repeated the denial of any present intention on the part of the Government to propose any change in the Maynooth endowment.

The Earl of Winchelsea made a violent attack on the Catholic priesthood, who he said were endeavoring to subvert the power of their Queen, but he expected the next Parliament would remedy the evil by revoking the Maynooth endowment and the emancipation act.

In the House of Commons on the 19th. Mr. Hume asked whether the correspondence between this Government and the U. S. respecting the navigation of the St. Lawrence would be laid upon the table, and whether the difficulties upon the subject between the two governments had been settled. Sir J. Pakington would give an answer on a future day.

A bill has been presented by the government to the Council of State modifying the customs laws. The import duty is to be removed from all articles used in ship building, and the prohibition to import earthen vases is to be repealed.

A telegraphic dispatch from Frankfort, May 18, says that a new Austrian loan of 35 million florins, convention money, had been taken by Rothschilds.

An angry letter is said to have been presented by the Prussian Ambassador, Count Arnim, to the Austrian government.

A deputation has been sent from Yorkshire to urge the attention of government to the critical state of Australian labor, when Sir John Pakington said that the principal difficulty existed in the scarcity of ships.

It is understood that negotiations for an Austrian loan of £3,000,000 sterling are now in progress between Messrs Rothchilds & Sons, and the Chief of Finance at Venice, who arrived in London for that purpose. It will be 5 per cent. stock, payable in London.

FRANCE.—Several additional refusals to take the oath of allegiance to the President are reported. A bill on the residents of foreigners at Paris and Lyons, and another on the formation of the High Courts of Justice are about to be submitted to the council of state. The French fleet appeared before Naples on the 10th

On the 9th, Gen'l McMahon quitted Constantine, with an army of 10,000 men, to undertake an expedition against Kabulia. Several of the Paris papers are out with savage articles against Generals Changarnier and Lemoriciere.

Three hundred men, political prisoners, have been removed from Paris to Havre for transportation.

ITALY.—Letters from Turin, report the resignation of the entire Cabinet, which the King has accepted, and ordered the formation of a new one.

DENMARK.—A Royal decree has been issued, establishing a Court of Appellation for the whole of the Duchy of Schleswig, to come into operation on the 1st of June.

SWITZERLAND.—The Grand council of Berne have passed several articles of the new law on the press without opposition. The article requiring a deposite of caution money from responsible editors was thrown out.

GREECE.—The finances of this country are in very melancholy condition, and the Minister of finance was about resigning. The *Patrie* states 29 millions of francs due by the State of Russia were reimbursed on the 16th inst.

### CONGRESS.

Washington, May 31.

HOUSE.—Mr. Orr, from the Committee on Public Lands, reported a bill granting 1,600,000 acres of land to Florida and Alabama, for the construction of two railroads—one to connect the Gulf with the Atlantic, the other connecting Pensacola Bay with the Georgia R. R., by way of Montgomery, Ala.

The consideration of the bill was postponed until Tuesday week.

Mr. Harris of Tenn., moved a resolution to adjourn both Houses of Congress on the first Monday of August.

Mr. Houston moved to amend by saying the 19th July.

Mr. Orr wanted to know whether it was probable the House could pass the appropriation bills understandingly should they adjourn at as early a period as that stated.

Mr. Houston said if the House would go to work as they ought, they could get through with everything within month from to day.

Mr. Clingman said that at the last long session the appropriation bills were passed in two weeks, and last session in three weeks.

Mr. Sackett moved to table the resolution, but the motion did not prevail—Yeas 56, nays 99.

The further consideration of the resolution was potponed until next Monday.

New York, June 3.

Important advices have been received from South America. Gen. Flores was at Parma, with his fleet rapidly augmenting. A large force was sent by the Peruvian government to assist him against Eucador. There was very great excitement at Guyaquil, and an attack has been mad on the residence of the Peruvian Consul, which was headed by the President in person. The building was destroyed and the Peruvian flag torn to pieces and trampled under foot. The Consul and his family were ordered to leave the country forthwith.

Chicago, May 31.

The cholera at Lasalle is on the increase. The deaths have been about 60, mostly laborers on the railroad. Within the past three days, however, several of our most respectable citizens have died.

Baltimore, June 1.

During the week ending the 22nd ult, there were 22 deaths by Cholera in N. Orleans.

Boston, June 3.

Jenning's distillery at South Boston, was destroyed by fire this morning, loss $60,000.

The 9th district Whig Convention has chosen Wm. Crocker, delegate to the Whig National Convention.

Portland, Maine, June 3.

The Whig State Convention met here this morning. The spirit of the convention is decidedly in favor of Scott.

THE GOLDEN GATE.—The new steamer Golden Gate, built by Messrs. Fox & Bruce, by Bidwell Banta, made a trial trip yesterday afternoon.—She fully answers the expectations of her owners, and promises to be a fair running boat. She made thirteen miles an hour with eighteen revolutions of the wheels. Her boilers and machinery were built at the Cuyahoga iron works in Cleveland. She will be out some time during the present week.—*Buff. Com. Adv., 2d.*

☞ James S. Pike, of Calais, Maine, is the Delegate from the far Eastern district of that State to the Whig National Convention. There is a suspicion afloat, founded on the letters, of 'J. S P.' in our columns, that Mr. Pike inclines to the support of Gen. Scott for the Presidency.—He was chosen by a Convention at Cherryfield, on Tuesday of last week.—*N. Y. Tribune.*

SWITZERLAND.—It is notified from Vienna to the Federal Authorities at Rome, that the Austrian military cordon on the Swiss frontiers will be withdrawn in June.

The Grand Council of Switzerland assembled at Berne on the 12th, to discuss a proposition for a political amnesty, extending as far back as the events of 1846. The resolution was adopted.

GERMANY.—The Emperor of Russia left Vienna for Berlin on the night of the 11th inst. He arrived at Dresden on the evening of the 12th, and was received by the King, the Minister of War, the Russian Ambassador, and other high officers.

The accounts from Hanover are very satisfactory. Contrary to the predictions of those who were ignorant of his character, the young King exhibits the most steadfast resolution to march with the times, and to satisfy the rational wants of his people. M. Bacmeister has been definitely appointed Minister of Finance, and M. Von Reiche, of Ecclesiastical Affairs.

Another conference of the Volloverein was held on the 15th, without result.

An extensive conflagration has destroyed the water works which supplied the city of Dantzic. Local tradition ascribed the construction of these works to Copernicus.

The Emperor of Austria entertained the Czar with great pomp. It is noticed as a coincidence that on the 10th of May, while Louis Napoleon was reviewing his 60,000 troops in Paris, the Emperors of Austria and Russia were reviewing 40,000 in Vienna.

A great camp of evolution is to be formed on the 15th of June, at Czegled and Kerestur, in Hungary. All the disposable cavalry and thirty batteries of artillery are to manoeuvre during forty days.

CHINA.—The advices from Hong Kong are to March 30.

The emigration to California is still in progress. Upwards of fifty ships have sailed, taking, it is estimated, about 15,000 emigrants.

Trade was generally reviving. The price of imports was maintained, but the demand had not been large; Shipments of tea were still going forward. The market was bare of silk.

The advices from Shanghai, of the 22d of March, report more briskness in that market.—Tea was firm, and silk had advanced.

The export of tea from China showsan increase of 1,800,000 lbs. compared with last year; of silk the decrease is equal to about 3,000 bales.

In Harbor, the United States steamer Susquehanna and corvette Saratoga.

GEN. CASS NOMINATED BY THE SPIRITS.—A letter from Baltimore, in the Republic, gives the following important political information. Of course this decides who is to be the Democratic candidate for President, and it would be useless for the Convention to meet; But here is the revelation:

There is a delegation of "spiritual rappers" in this city, who have been recently consulted with regard to the deliberations of the Democratic Convention. The question was put as to whether General Cass would or would not be nominated—if "no" the table was to move forward an inch; if "yes," it was to move a foot forward. The table is reported to have moved the required twelve inches. The second question, as to whether he would be nominated on the first ballot, was responded to by the table rising from the floor; and the third, as to whether he would not be elected President, was responded to in the affirmative by the table again rising and remaining poised in the air, a strong man present being unable to bear it down. Thus the "spiritual rapping" politicians of New York may consider the question as settled. This, though it may read like a joke, is related with great gravity as having occurred at the residence of a distinguished Democrat of this city, in Holiday street.

THE DAMS.—On Thursday last the committee appointed at the Oshkosh meeting, conferred with the proprietors of the Menasha Dam, on the subject of lowering the dam. No satisfactory result was attained. The committee in pursuance of power conferred upon them, extended the time for the consummation of the lowering of the dam to the 15th June, and gave notice that at that time, if the object was not accomplished, *they wo'd summon the people together at the foot of the lake to do the work of lowering the dam to a proper level.*

We understand one of the proprietors of the Menasha dam, Mr. Charles Doty, expressed his willingness to comply, but the consent of Curtis Reed, another proprietor, was withheld.

The especial injury that would result to that place in reducing the height of the dam, it was claimed, would be in rendering the navigation of the channels difficult. How this is we are not prepared to say. —*Fond du Lac Journal.*

DONT LIKE CONFINEMENT.—An effort was made on Friday night last, by a prisoner, Thomas Thompson, to break out of the State Prison at Waupun.—He had succeeded in removing a part of the fastenings to his cell before being interrupted in his labors—having been the while watched in the operation by the officers. The tools with which he worked he had obtained from the workshop. So sad was his disappointment that he now refuses to partake of the refreshments so bountifully furnished by the State, having apparently determined that his spirit at least shall be free from its earthly prison.

The guard has been increased, and the refractory prisoner placed in irons—in close confinement

This is the fellow tried with Radcliff in Milwaukee for burglary, a few weeks ago, and sentenced for three years—*Fond du Lac Journal.*

WOODWORTH'S PATENT.—A Washington letter writer, speaking of the profits realized by the owners of Woodworth's patent Planing Machine, says: "I had an opportunity the other day to see a statement of the enormous profits realized by the assignees of WOODWORTH's celebrated planing machine. During the twenty-four years which the patent has existed, JAMES G. WILSON has received in sales, assignments and tariffs, $2,131,852. JOHN GIBSON, of Albany has received nearly as large a sum. CHARLES GOULD, of Albany, has also received a very large sum. GIBSON, I understand, is in the receipt of $1 for every 1000 feet placed in 100 mills, each of which turns off 10,000 feet each day." Probably this is an exaggeration of the sums received by the proprietors of the patent, but we have no doubt that it is the most productive invention in the world at the present time.—*Buffalo Express.*

AFFRAY AT BERTOWN!—A man named Hugh Conway, better known as Irish Hugh, went to the cabin of a man named Ready, on Monday, and a quarrel ensued, when Conway threw a stone at Ready, with effect; whereupon the latter seized an axe, and with savage force aimed a deadly blow at Conway, splitting his shoulder, down to the lower part of the brest. Our informant says Conway was yet alive on Tuesday morning, but his recovery is beyond hope. Ready made his escape.—*Grant Co. Herald.*

A NOVELTY.—A correspondent of the Missouri Republican, writing from New York, says:

"In the building of storehouses, there are many things which you of St. Louis have yet to learn, and a visit might well be made to New York, if for no other purpose than to note the improvements. A glass flooring in the counting room of one of the most complete stores in Broadway, shedding light through five or six stories, was one of the curious things which came under my observation."

ENCOURAGING.—A correspondent of the Mineral Pt. *Tribune*, writing from Franklin, Iowa Co. says:

Our business prospects are beginning to look up Our merchants are receiving heavy stocks of goods are doing a fine business. The farmers find a ready market and high prices for their produce, and we confidently believe that no place in this section of mining country holds out greater inducements to the miner, farmer and mechanic, than Franklin.

RABID.—The editor of the Janesville *Standard*, is out upon the dogs, and makes his own bitten complaint of personal injury, to wit:

We have been bitten three times by different dogs during our residence in Janesville, and occasionally have some premonitory symptoms of being mad—particularly at the dogs.

### Southern Michigan Line.

The Line between Buffalo and Chicago, is now complete. The road extends from Monroe and Toledo in an unbroken chain to Chicago. It is in fine order and the cars are running with speed and punctuality. In connection with the Railroad, the following boats ply between Buffalo and Monroe and Toledo, daily. The *Empire State*, Capt. H. Van Allen; the *Southern Michigan*, Capt. A. D. Perkins, and the *Northern Indiana*, Capt R. Wagstaff. Three such craft cannot be produced upon any fresh water route in the known world.

All of the largest class and finished and furnished in a style of elegance that challenges competition, they are now ready to serve the public—and *such* public servants the traveling public have not before known any where. There is a degree of enterprise and liberality manifested in the management of this route that cannot fail to win upon the public and secure a large share of the western travel.—*Buffalo Express.*

EPITHALAMIA.—The Grant County people are great on poetry, and, somehow, they have more opportunities in the way of marriages to exercise their talents upon, than other less favored regions. The last number of the *Herald* contains a list of five weddings, two of which are set out with verses. One of them reads thus:—

At Pigeon, May 30, by Esq Liscum—
At 12 o'clock, M., on Sunday,
LUCINDA DAY to RICHARD GRUNDY.
We're sure he'll lead a happy life,
Because he's got a pretty wife.

Again, another couple, Mr. Hial Heath marries Miss Almira Locke, and we have the following:—

May this couple with prospect double,
Long happy life receive,
And shun the rubble, care and trouble,
And never have to grieve.

☞ The Prince of Schwarzburg Sonderhausen has published a decree divorcing his wife "by virtue of his sovereign plenitude of power."

The lord and master of some few acres takes astonishing airs upon himself.

MATCHING HIM.—Mr. James Densmore of the Oshkosh Democrat, (and by the way a candidate for Co. Judge) says that he "stood and counted forty buildings which were surrounded by water" at Fond du Lac. Oh, Judge!

At Oshkosh children are born webfooted, in pursuance of the law of nature that adapts everything to surrounding circumstances.—*Fond du Lac Journal.*

☞ Robert J. Walker is said to have entirely recovered from his serious sickness. The fact is, as we are credibly informed, there has not been much the matter with him. Erysipelas of the leg from a slight scratch, produced lameness and confinement, but no constitutional disturbance.—*Janesville Standard*

KILL YOUR RATS! SLAY YOUR MICE!

Exterminate your Bugs!!

THE Celebrated RAT AND MICE EXTERMINATOR is the only article that has yet been discovered to effectually remove vermin.

The great objection to the ordinary poisons is, that although they destroy the Rats, still the unpleasant smell arising from the dead carcasses, renders the "remedy worse than the disease."

The Exterminator from the chemical combination of its ingredients, destroys not by poisoning, but by an immediate EXPLOSION, destroying all the causes of effluvia with life. It has also the singular effect of creating such a PANIC, that in a short time no Rat, Mouse or Roach will be found harboring near where it is used. Hotels, Boats and Out-Houses can be speedily freed from them by a few applications

COMMERCIAL EDUCATION.

The Course of Study Comprises BUSINESS PENMANSHIP, DOUBLE ENTRY BOOK-KEEPING, in which is acquired a thorough and practical knowledge of the art of managing on scientific principles, the books of Individuals Partnerships, or Corporations, in every variety of business, with COMPOUND Co. and other MERCANTILE ACCOUNTS, a complete course of COMMERCIAL CALCULATIONS, and the subject of COMMERCIAL LAW, as applied to the different departments of trade,—a knowledge of which is indispensable to correct business action.

Students may enter at any time, (being instructed individually and not in classes) and qualify themselves for active business pursuits in from 8 to 12 weeks; obtaining an amount of knowledge, otherwise, generally but imperfectly, acquired only by years of laborious practice in business.

The undersigned feels assured, from his knowledge of the most approved and popular mode of teaching adopted, and an experience of over twenty years in various business pursuits, that he will be able to communicate to students a thorough knowledge of the subjects of instruction contemplated, thereby qualifying them to take a high rank as business men, and to conduct and manage their own affairs intelligently and correctly, or to operate as accountants in responsible business stations, when their services may find an adequate reward

Students from abroad can obtain good Boarding and Lodging at from $2 to $3 per week.

THE SUBSCRIBER PLACED HIS FIRE AND BURglar Proof Iron Safe in competition with the whole world at the great Exhibition in London, for which an impartial jury awarded a medal.

The American Fair, held last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with others for that purpose. Certificates have been received from the following well-known mercantile houses, who have had their books, papers and money preserved in these superior Safes within the last thirty days, (and can, with many others, be seen at my store,) viz. Messrs. Stillwell & Montross, and Mr. J. L. Watkins, in the Fulton Street fire; Messrs. Tiler & Robinson, and Messrs. John Lockwood & Co., in the great fire corner of Liberty and Nassau Streets, and Messrs. Proud & Bowman, in Jersey City.

I am the proprietor of HALL'S PATENT LOCK, which obtained a medal (in the name of Adams & Co., Boston,) at the World's Exhibition, and is considered the best Lock for the price, ever invented, being proof against powder, and the Key is no larger than a cent, and can be made changeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safes combined.

# SALAMANDER SAFES.
**WILDER'S PATENT AND RICH'S PATENT COMBINED.**

**$100,000 SAVED.**

FIRE in Pearl Street and Fletcher Street, New York.—Three Stores and their contents destroyed. Deeds before words!

**RICH'S SAFES AGAIN!**

ELEVEN SAFES of different makers consumed, with their contents! The Safe made by Rich & Co. defied the flames and brought out its contents without a mark of fire upon them!

**MR. GILBERT'S LETTER.**

THE FIRE IN FLETCHER AND PEARL STS., NEW YORK.

New York, Dec. 20, 1851.

Messrs STEARNS and MARVIN, successors, to C. RICH & Co., No. 146, Water Street, New York—SIRS, when the fire was consuming my place of Business, No. 216, Pearl Street, I was absent in Rensselaer County, testing a new cleaning apparatus in connection with my Excelsior Thrasher, and did not read the account until I was fearful it was too late to save my books which were placed in one of your safes, purchased from Mr. Marvin some years ago. My fears were not allayed when I found it necessary upon my return to apply the Croton Water 40 hours before I was enabled to commence operations; after which it required 54 hours of labor and application to raise the Salamander from its ashy bed. You may judge of my anxiety during this delay, and my agreeable surprise upon opening the safe in the presence of a number of gentlemen, to find my books and papers saved, and as legible as they were previous to the fire. The intense heat to which the Safe was subjected, can be conjectured from the condition of another safe, (not a Salamander) of which an iron skeleton frame only remained, and not a vestige of a book. They were companions in the same office, on the second floor, from which they fell upon crates of earthen ware in the cellar, the ruined safe upon the Salamander. If their position had been reversed, not even the skeleton would have remained. My loss over the insurance is $1,000, yet the salvation of my books in your Salamander, with the representatives of $100,000, and important documents which could not be duplicated, has fully compensated me.

It will afford me great pleasure to exhibit the new safe purchased of you, and explain its merits, at my present office, No. 251 Pearl street, where I shall remain until the new building, No. 216, is erected.

Yours respectfully, JOSEPH G. GILBERT.

The undersigned invite country merchants and those interested in the preservation of their books from fire, (but particularly those having Rich's safe in use) to call at the depot 146 Water street, New York, to see the inferior of Mr Gilbert's safe with the books undisturbed, which he has kindly permitted to remain for the satisfaction and gratification of the public.

Orders for Burglar Proof Vaults, and Vault Doors, promptly and faithfully executed.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

**Packing, Flour and Whiskey BARRELS,**

and PIPES or HOGSHEADS, at the rate of

**600 Whiskey or 800 Flour Barrel Staves**

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

# IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States.

**"PLANING MACHINES.**

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.

JAMES G WILSON,
May 10, 1849. Philadelphia."

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

JOSEPH P. WOODBURY,
August 20, 1851 -d1y East Boston, Mass.

**G. GRÆSSLE'S**
# PRESSED, FIRE-PROOF TILING.
**CERTIFICATES OF RECOMMENDATION.**

BY the present, I attest my entire satisfaction with the roof of my house, covered with the pressed, fire-proof Tile, invented by Mr. Graessle; having found them perfectly secure during snow-storms, rains, wind and intense cold. I hereby take occasion to recommend said roof covering to every house-builder, inviting them to satisfy themselves by ocular inspection of the excellent quality of the same.

ENNO MEYER,
Druggist, 374 W. Water-st., 2nd ward.
Milwaukee, Feb 3, 1852.

The above I found true in every respect, as to the roof of my house, covered with the same tile, invented by Mr. Graessle.

AUGUST KRUG,
Brewer, Chestnut-st., 2nd ward.

The undersigned, having carefully examined the pressed roofing Tiles, invented by Mr. Graessle, have found them perfectly answering the purpose intended. Their practical and sagacious construction recommend this kind of Tile, not only as a fire proof and perfectly water-proof covering, but above all for its durability. The ridges and channels not only exclude the entering of snow or rain-water, but, by their firm and precise joining of one into the other, they give to the single Tile as well as to the whole covering an absolutely moveable position and an intimate connection. Besides this, Mr. Graessle's method of burning the Tiles, deprives them of the injurious tendency to absorb water, making them in this way durable; and joining to the above another virtue, viz that of dispensing with repairs. The undersigned therefore consider ourselves fully justified in recommending to the building community the above roofing Tile as an excellent and valuable material.

OTTO SCHWARTZ, } Architects
VICTOR SCHULTE, } & Builders.
Milwaukee, Feb. 5, 1852.

*To G. Graessle*:—I have examined the Roofing Tile made by you, and have no hesitation in recommending them to general use, and particularly as a fire-proof roof.

## GRIST MILLS.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

**THE ECONOMIST**
DOUBLE OVEN COOKING STOVE,
*(Which received the First Premium at the State Fair, lately held at Janesville,)*

Possesses great advantages over every other stove for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, takes in long wood, is an excellent stove—one that has been well tested, and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the flue back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the convenience of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being opened or closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superceding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an article in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance, they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.

## PATENT MEDICINES.

# Graefenberg Medicines
**HAVE YOU USED THEM?**

AS popular medicines, prepared carefully and scientifically, and adapted to the wants of the American public, they have no superiors. They are emphatically what they are represented to be, *genuine*, and free from *Humbug*, intended as much to *cure* as to *sell*. When once used, they are universally relied upon, and no *Family* should be without these truly valuable aids to *Health*. In many instances the *regular faculty* recommend and use them, such is their force over the prejudices of those so generally opposed to the circulation of POPULAR MEDICINES. No *Family Physician*, in ordinary cases, is needed by those who own the *Graefenberg Manual of Health*, and strictly abide by its directions in the use of the medicines.

A word to the *wise* is sufficient, without the publication of certificates, which we have of the most flattering description always open for the inspection of the incredulous.

We will enumerate in conclusion the various preparations of this Company, which may be found in every town in the State throughout the Union.

THE GRAEFENBERG SARSAPARILLA, is purely vegetable, no *big bottle humbug*, or pleasant drink, but *as it should be, a Medicine* of the greatest power in promoting an entire change in the system, by eradicating those impurities of the blood which are the seeds of almost incurable disease in man.

THE GRAEFENBERG DYSENTERY SYRUP.—Public approbation has stamped upon it the character of *perfect*. It has checked the ravages of *Cholera* in its last stages, and for bowel complaints it has no equals.

THE GRAEFENBERG VEGETABLE PILLS, are particularly valuable for the prevention and cure of *Fevers* in general. They act gently, naturally and surely and in connection with our *Health Bitters*, are a certain and speedy cure for the Fever and Ague. The *Bitters* have a wonderful effect in invigorating a debilitated system.

THE GRAEFENBERG GREEN MT. OINTMENT.—In reducing inflamation, healing burns, bruises, and all injuries to the body, we can confidently recommend this salve to all as being most efficacious. In the *Mineral Region* of our State its merits are universally appreciated.

THE GRAEFENBERG EYE LOTION.—An unpretending article, but one which meets with large sales in the West, and has been the humble means of relieving thousands from intolerable pain arising from injured or diseased eyes. Try it.

THE GRAEFENBERG UTERINE CATHOLICON.—This is perhaps the most valuable medicine of this Company, inasmuch as it reaches cases despaired of by the most scientific physicians. For Prolapsus Uteri, and all complaints incident to *Females*, it will be found a safe and speedy remedy. Let no *afflicted woman* be deterred by delicacy or prejudice from giving it a fair trial. Inquire of the agent for the pamphlet in relation to it.

THE GRAEFENBERG PILE OINTMENT, CHILD'S PANACEA, &c., are all invaluable remedies, directions for which and all the medicines are attached to each.

**THE HUMAN FRAME**

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

**PAIN**

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

**INSTANT RELIEF FROM PAIN**

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

**RADWAY'S READY RELIEF**
*In a few seconds*
**WILL STOP THE MOST DISTRESSING PAINS.**

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

**NEURALGIA.**
**PAIN STOPPED INSTANTLY.**

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

**DANGEROUS PRACTICE.**

The use of Morphine, Strychnine, Aconite, Belladonna Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.*

If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

**RADWAY'S READY RELIEF**
IS FREE FROM MORPHINE,

*And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.*

**SICK HEADACHE.**

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

**ALL BOWEL COMPLAINTS,**

Diarrhœa, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

**SPEEDILY REMOVES THE CAUSE.**

**RHEUMATISM.**
**PAINS RELIEVED IN FIVE MINUTES.**

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands, in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

**CHILL FEVER.**
CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

**PAINS OF ALL KINDS.**

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidneys, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

**BEAUTY.**

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

**RADWAYS MEDICATED SOAP.**

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

**TO THE COMPLEXION IT IMPARTS BEAUTY.**

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

**RADWAY'S CIRCASSIAN BALM.**

Imparts nutriment to the hair,—
Makes it stong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

*Radway's Circassian Balm is the "ne plus ultra."*

DR. HOOFLAND'S CELEBRATED GERMAN

**BITTERS,**

Prepared by Doct. C. M. Jackson,

**AT THE GERMAN MEDICINE STORE,**
120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

**READ AND BE CONVINCED.**
(From the Boston Bee.)

The Editor said, Dec. 31: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25

"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 21, says:—"A Medicine—We speak knowingly of Dr. Hofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the billiary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all billious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

**A Word of Caution to the Public!**

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co., of Buffalo, which is a worthless imitation and the pamphlets a "BASE FORGERY" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud." Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c. &c. all of which have been got up on the reputation of Perry Davis' Pain Killer.
